

# Position Available

## Product Assembler

Scanprobe Techniques are hiring for the available position of "Product Assembler".

Working within our New Build department, the Product Assembler will be directly involved in the assembly of our full range of pipeline inspection camera systems, and duties will include:

- Wiring
- Soldering
- General Assembly
- Programming PCBs

The successful applicant will have a keen eye for detail and a desire to learn all aspects of the assembly process. On the job training will be provided.

In return, the successful applicant will enjoy a friendly working atmosphere with a good team ethic, job rotation and skills training to help you develop.

Salary £17,000 to £25,000 dependent upon experience.
